North Valley Credit Union

This being the Thanksgiving edition of our newsletter I want to express my thanks to all those people who do business with North Valley Credit Union in whatever form that may take. Supporting your credit union is synonymous with supporting your community. NVCU gives back to the community it serves in so many ways. Take for example the fact that our staff members have contributed 1,287 hours of volunteer time to worthwhile causes within the communities that we served during the years

2012 & 2013. NVCU supports many charities, sporting events and other worthwhile causes on a continuous basis. A list of these always appears in our Annual Report and we will be adding this to our website shortly.

I don't want to let the secret out just yet but be sure to watch local media for a big announcement of just another example of how North Valley Credit Union gives back to the communities we serve that will take place following the Thanksgiving long weekend in conjunction with Co-op Week (October 12th through 18th).

It's a Girl!

NVCU wishes to congratulate Spencer and Ryan on the arrival of their baby girl Rudy, who was born on her predicted due date April 12th, 2014 at 4:13 am.

Congratulations!

Do you oversee an account on behalf of a local charity?

Does your current financial institution charge you monthly fees for this charitable account?

If you answered YES to the above two questions consider this:

At North Valley Credit Union we provide account services to Charitable organizations completely free of charge.

So, consider switching to us as your financial service provider.

You will be delighted with the attentive service we provide.

North Valley Credit Union is continuously striving to provide our members with the best services as well as the best products designed to keep you well connected to us.

In November 2013 we introduced our Enhanced Electronic Statements, followed by INTERACT e-transfers[†] in May of 2014.

We are looking forward to introducing our Mobile App for iPhones and Android Devices.

A banker had a horseshoe above his door. Asked what it was for, he said it was a good luck charm which kept interest rates favorable. When asked if he believed that superstitious nonsense, he replied "Of course not! But I've been told that it works whether you believe it or not."

NVCU STAFF UPDATES

We are pleased to introduce Meranda Pangracs and Lori Muric to our team as our newest Member Services Representatives. Each of these ladies has great customer service skills and are very cheerful. Next time you drop into the office make a point of saying hello to Meranda and Lori.

Welcome to our team Lori and Meranda!

NVCU Welcomes Wade Penman to our Team

Wade joined our team on March 5th, 2014 to cover for Spencer's maternity leave. Wade has taken extensive training to become our Investment Specialist during this time.

Wade has a very conservative philosophy insofar as personal portfolio management is concerned. He is very adept at tailoring a portfolio to your own personal circumstances with an eye towards safety first.
