Our Christmas Message for You.

Christmas is such a special time during which family members come together, friendships are rekindled and happy thoughts abound. As the years roll by I can't help but think that while many things are important and valuable there is no more precious commodity than time. We are all only granted so much of it. Imagine how much the world would be improved if every soul went through life with a primary goal of being well thought of by his fellow man; of doing good rather than evil, of helping those less fortunate than ourselves, of caring about all of God's creatures and of being good stewards of the environment so that future generations might enjoy what we have enjoyed. That may seem to be an idealistic vision of what could be rather than representing the reality of the day. But that is exactly the point; we can all take small steps in our own way to improve life for everyone and everything on this planet. There is no better time than Christmas time to begin the process.

On behalf of the Board of Directors and all our staff members, please accept our warmest wishes for a very Merry Christmas, Happy Holidays and all the very best in the New Year.

Christmas Greeting from the Board of

As much as we prepare for Christmas, it sneaks up on us. It is a time of year that we all feel a little "homesick" even though we may be home.

A warm glow fills us as we think of friends new and old and of times from our childhood.

We, the Board of North Valley Credit Union, wish to share the glow of the season with you "Peace on earth, good will to all." are words that remind us of the meaning of Christmas.
